SH-B9100R

# S2 SERIES RECUMBENT BIKE

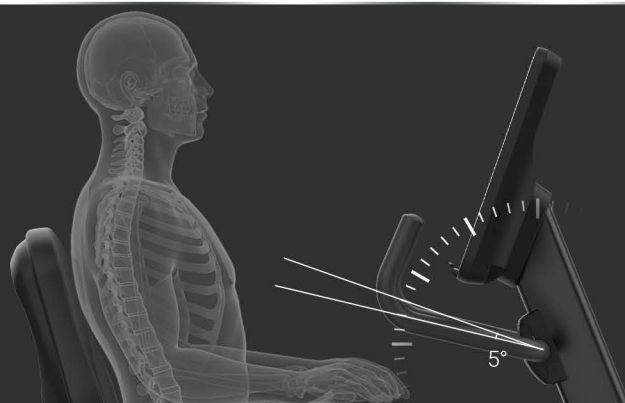

## 40 Levels of Adjustable Resistance

Featuring 40 resistance levels, the B9100RT surpasses the standard 25-level design of most elliptical trainers. This offers finer control and supports users of all fitness levels—from beginners to advanced athletes.

## Upgraded Armrest Design

The handles' angle have been adjusted by approximately 5°, offering improved ergonomics.

## Up to 21.5" Touchscreen with Wireless Charging

The upgraded model offers a 21.5" full touchscreen, delivering enhanced visual clarity and intuitive interaction. All touchscreen versions now support wireless smartphone charging, aligning with modern user expectations and enhancing the premium feel of the equipment.

\* Only compatible with models equipped with touch screens

## Unlimited Connectivity

The SH-B9100RT offers seamless compatibility with Samsung Galaxy Watch\*, enabling real-time heart rate syncing, workout tracking, and personalized coaching directly from the wrist. This integration enhances training accuracy and immersion.
