

ISO-INCLINED FLIGHT MACHINE

SH-G6919

Ergonomic Triple-Segment Back Pad

Features a newly molded ergonomic back pad with a three-segment design, ensuring optimal back support while enhancing chest muscle engagement.

Independent Arm Design

Independent movement arms support both bilateral chest training and unilateral isolation exercises, catering to diverse training preferences.

ISO-INCLINED FLIGHT MACHINE

Multi-Angle Rotating Handles

The handles and pivot arms adopt a tri-axis joint structure, with 360° rotating grips that offer exceptional freedom of movement, allowing users of varying arm lengths to find the most suitable training angle.

Pneumatic Seat Adjustment

Bright orange adjustment lever with built-in gas spring ensures smooth single-handed adjustments, accommodating users of various heights with ease.

PRODUCT SPECIFICATIONS

Dimension	1560 × 1428 × 815 mm / 61 × 56 × 32 in
Max User Weight	200 kg / 441 lbs
Muscles	Pectorals
N.W.	83 kg / 183 lbs
G.W.	110 kg / 243 lbs
Loading Capacity	20GP: 18 units / 40HQ: 54 units
