

SH-G6920

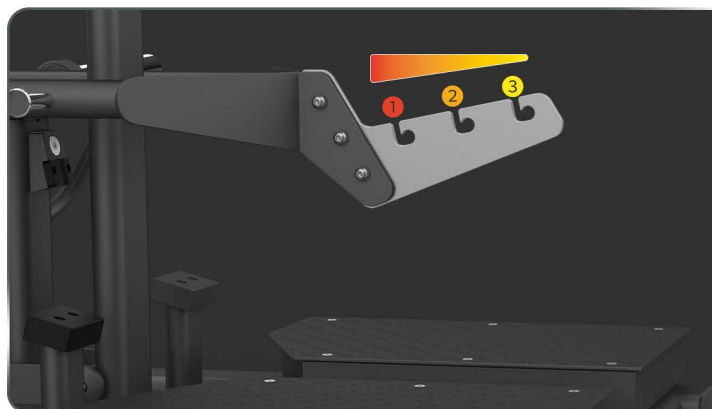

Multi-Grip Square Handle Design

Features a square-shaped handlebar with multiple grip positions, coated in textured rubber for improved grip and comfort. Accommodates varied user sizes and training preferences.

Magnetic Start/Stop Safety Bar

Integrated support bar with magnetic locking and anti-slip handle provides clear two-level adjustment, allowing safe start and stop positions during heavy squats.

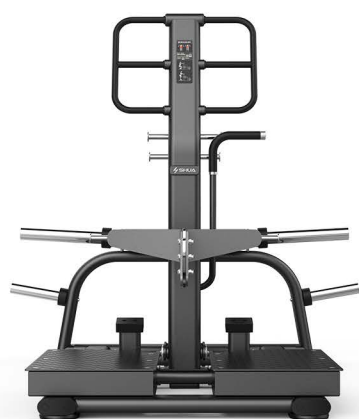

Adjustable Lever Arm Connection

Three anchor points on the belt attachment allow users to modify resistance leverages—rearward points reduce mechanical load for progressive training intensity.

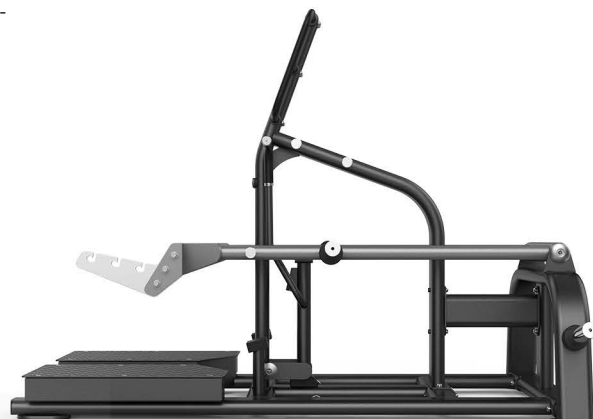

Resistance Band Peg Integration

Multiple pegs support resistance band integration, introducing variable resistance to intensify glute and lower-body engagement throughout the squat range.
